

Seminar über die Physik der kondensierten Materie (SFB/TRR173 Spin+X und SFB/TR288 Kolloquium, TopDyn-Seminar)

Nov. 30, 2022 at 10 a.m.
TUK, Building 76, Room 276 (LASE)

Prof. Victor L'vov
Dept. of Chemical and Biological Physics, Weizmann
Institute of Science

Hydrodynamic turbulence in superfluid Helium: basic ideas, experiments, and physical models
